Tom:

I just spoke to the owner, and he says that he is willing to allow you to test. He said he gave his verbal agreement a week or two ago, but it doesn't seem that was communicated up the line.

Also note that the tenant receives Section 8.

Thanks,  
Carla

We do not have access for that property yet so it has not been sampled.

Greg:  
Is Ex. 6 - Personal Privacy occupied or vacant?  
Does this break only effect that one address?

I will notify the EPA that we need the data for that address asap.

Thanks,  
Carla

Subject: Water Service Line Break in Zone 2 - Ex. 6 - Personal Privacy

Tom:

I was informed by the Water Department Manager that there is a water service line break in Zone 2. The residential service address is Ex. 6 - Personal Privacy. Based on our discussion this week, it sounds like soil sample results may not be available for that location.

Before we dispatch department staff to the location on Monday to repair the leak, can we have a call on Monday morning to discuss available options provided by EPA regarding soil sampling and excavation services at this residential address?

Thanks,  
Greg
